For grown-ups: Checked on Google in September 2026. Google adds and removes animals, so a few may be missing. On a computer there is no View in 3D button.

Draw it from three sides

Walk around your 3D animal. Look at it from above too. Draw what you see!

My animal was a _____

From the front

From the side

From the top

Only in our books

Google doesn't have these two. They stand in your room from our books.

Rooster

Fox
