

# Times tables flash cards: the 12 times table

Cut along the solid lines. Fold each pair on its dotted line and glue it shut: the sum on one side, the answer on the other.

|                                 |                                            |                                 |                                            |
