

Candy cane wish tags

In our story, one drop from Santa's candy cane can make any wish come true. Color the tags, write a wish on each, then punch the holes and hang them on the tree.

A rectangular tag with a small circle at the top center for a hole punch. Below the circle are three icons: a snowflake, a teardrop, and a candy cane. The text "MY CANDY CANE WISH" is centered below the icons. Underneath is a sentence: "If I caught a red and white drop, I'd wish for". Below this sentence are four horizontal lines for writing a wish. At the bottom, it says "Wished by" followed by a line for a signature. The bottom edge of the tag has a diagonal hatched pattern.
