

Your first drop

Two cards to color and cut out. Give the drop red and white stripes, then cut it out and keep it somewhere safe.

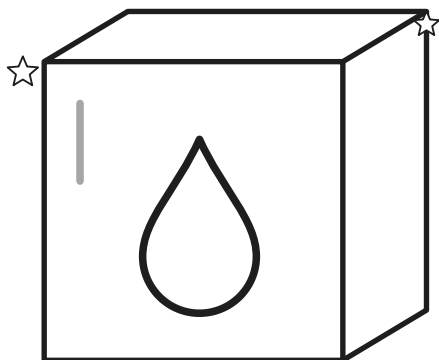

FROM THE NORTH POLE

Once, on Christmas Eve, I gave a little girl a glass box with one red and white drop inside. Every Christmas Eve since, a new drop has appeared in it.

Here is your very first drop. Hold it tight, close your eyes and make a wish. Don't tell anyone what it is!
