

Your first drop

Two cards to cut out. Cut round the drop too, and keep it somewhere safe, like a little tin or an envelope.

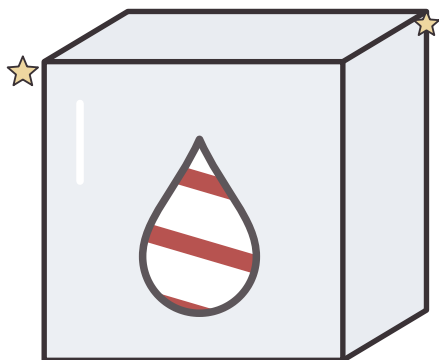

FROM THE NORTH POLE

Once, on Christmas Eve, I gave a little girl a glass box with one red and white drop inside. Every Christmas Eve since, a new drop has appeared in it.

Here is your very first drop. Hold it tight, close your eyes and make a wish. Don't tell anyone what it is!
