

How to draw a candy cane

One step at a time: the black lines are new, the gray ones you drew already.

Let's draw a candy cane! First, a long hook shape, like a letter J.

Now four stripes around the curvy hook at the top.

Now three slanted stripes down the top of the stick.

Last, four more stripes down to the bottom. Sweet!

YOUR TURN

My candy cane

Draw it here, then color it in.

A large, empty rectangular box with rounded corners, intended for drawing a candy cane.
