

How to draw a gingerbread house

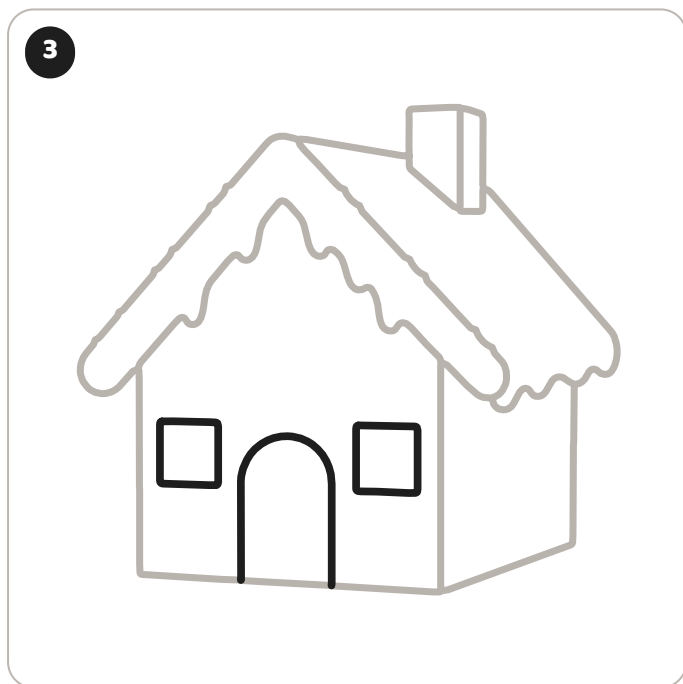

One step at a time: the black lines are new, the gray ones you drew already.

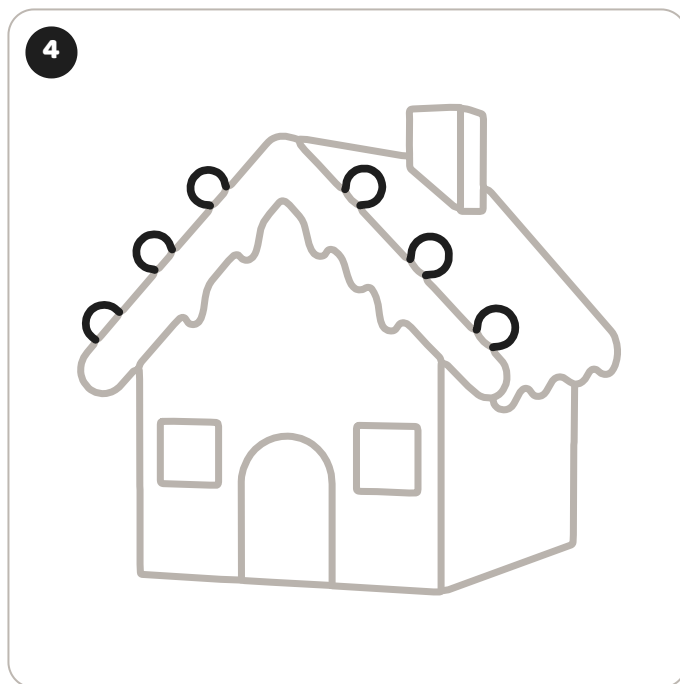

Let's draw a gingerbread house! First, the roof with wavy icing and a chimney.

Now the walls under the roof, with a line down the corner.

Now two square windows and a round door between them.

Last, round candy gumdrops along the roof. Yummy!

YOUR TURN

My gingerbread house

Draw it here, then color it in.

A large, empty rectangular box with rounded corners, intended for drawing the gingerbread house.
