

How to draw a present

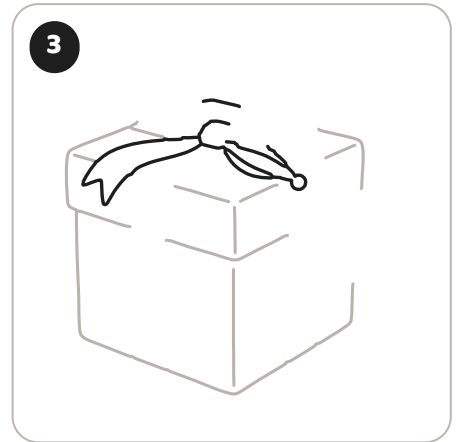

One step at a time: the black lines are new, the gray ones you drew already.

Let's draw a present! First, the lid: a flat top with sides below it.

Now the box under the lid, with a line down the front corner.

Now a ribbon knot on the lid, with ribbon running out to each side.

Now two ribbon bands going down the front of the box.

Now two big bow loops, with lines inside to make them look folded.

Last, a gift tag on a string. Who is it for?
