

How to draw a reindeer

One step at a time: the black lines are new, the gray ones you drew already.

Let's draw Dancer the reindeer! One long line: round head, back, and tail.

Now two leafy ears and a soft nose. Add two dot eyes.

Now his big branchy antlers, one on each side.

Now a line for his neck, then two front legs and his tummy.

Now two back legs, and a little hoof line on each foot. Hello, Dancer!
