

How to draw Santa's sleigh

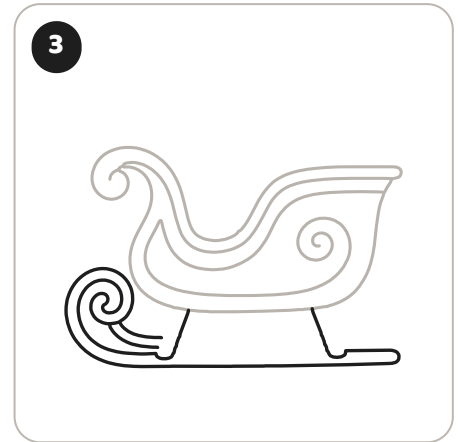

One step at a time: the black lines are new, the gray ones you drew already.

Let's draw Santa's sleigh! First, the big seat with a curly front.

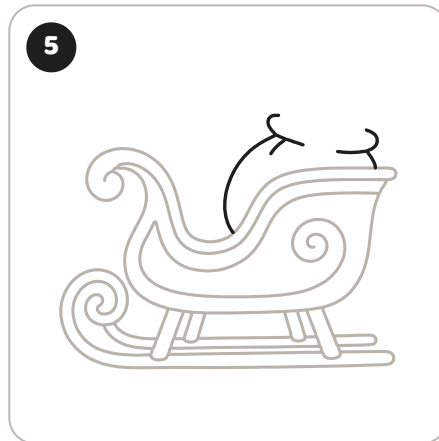

Now the bottom of the seat, and a swirly line inside it.

Now a long runner underneath, with a curl at the front.

Now four little legs, and the rails between them.

Now a big sack in the back, open at the top.

Now two presents with ribbons and bows peeking out of the sack.

Last, a candy cane sticking out too. Off we go!
