

How to draw a Christmas star

One step at a time: the black lines are new, the gray ones you drew already.

Let's draw a star! First, a big star with five points.

Now a smaller star inside, right in the middle.

Now a little star at the top left, and one at the top right.

Last, two more little stars near the bottom.
Twinkle, twinkle!

YOUR TURN

My Christmas star

Draw it here, then color it in.

A large, empty rectangular box with rounded corners, intended for drawing a Christmas star.
