

❄ North Pole ❄

Dear _____,

I've been keeping an eye on you this year, all the way from the North Pole. The elves help. They are VERY good at noticing things.

This year the elves told me that you _____
and that you _____

That made the whole workshop smile.

I'm very proud of you. So are the elves, and they hardly ever agree on anything.

Merry Christmas, and lots of love,

Santa

P.S. This year I'm flying my red balloon. If you hear a sweet little tune in the sky on Christmas Eve, that's me going past.
