

❄ North Pole ❄

Dear _____,

I've been keeping an eye on you this year, all the way from the North Pole. The elves help. They are VERY good at
❄ noticing things.

This year the elves told me that you _____

and that you _____ ❄

That made the whole workshop smile.

I'm very proud of you. So are the elves, and they hardly ever
❄ agree on anything.

Merry Christmas, and lots of love,

Santa ❄

P.S. This year I'm flying my red balloon. If you hear a sweet little tune in the sky on Christmas Eve, that's me going past.
