

❄️ North Pole ❄️

Dear _____,

I've been keeping an eye on you this year, all the way from the North Pole. The elves help. They are VERY good at
* noticing things.

This year the elves told me that you _____

and that you _____ *

That made the whole workshop smile.

I'm very proud of you. So are the elves, and they hardly ever
* agree on anything.

Merry Christmas, and lots of love,

Santa *

P.S. This year I'm flying my red balloon. If you hear a sweet little tune in the sky on Christmas Eve, that's me going past.
