

Bag toppers

Cut them out, fold along the dotted line, slip the top of a little bag inside and staple it shut. Our poem ends up on the back.

✧ A bowl full of oats with some seeds on the top for eight hungry reindeer who need a quick stop. No glitter, no sprinkles, just good, simple things for hooves and for noses, for feathers and wings. We set the bowl out on the step or the wall, then hop into bed (and we WON'T peek at all). Dancer eats dancing, so he's messy, it's true, and the birds clean the bowl in the morning for you. Oats and seeds, in a bowl, not on the ground ✧	✧ A bowl full of oats with some seeds on the top for eight hungry reindeer who need a quick stop.
